

# USER INSTRUCTIONS SELF ADHESIVE FOIL

**ATTENTION:**

- n Do not apply the film at or below a temperature of 5 °C.
- n The film is only suitable for indoor use

**STEP 1**

Carefully clean the surface of the section to be applied, making sure it is dust-free and smooth.

**STEP 2**

Cut the film to a slightly larger size than the area to be covered.

**STEP 3**

Peel the protective layer of the film. It may help to spray the surface to be covered with water.

**STEP 4**

Apply the film to the surface of the section to be applied, making sure to position it carefully.

**STEP 5**

Use a wiper to smooth out the film starting in the middle in order to remove air and moisture from in between the surface and the film.

**STEP 6**

Remove excess film using a sharp knife along a ruler or straight edge and then smooth over.
